Fully automatic instant noodles production line fried noodle making machine for commercial us

Product Description

Fully automatic instant noodles production line fried noodle making machine for commercial use..

Automatic fried Instant Noodle Making Machine with low price, perfect technology, compact structure, original design and stable performance. This instant noodles production line is developed on the base of similar products and requirements in the world market.

This instant noodles manufacturing plant realizes high automation, convenient operation, low energy consumption and small floor space that assures all working procedures from feeding flour to finished products can be accomplished once. The investment of this fully automatic instant noodle line is only one tenth of large size equipment, especially suitable for small-size or self-owned enterprises.
